## China International Exhibition on EMC, Microwave, Antenna and Safety Tests & Certification (China EMC2024 & China MW2024)

[www.emcchinaexpo.com](http://www.emcchinaexpo.com)

[emcchinaexpo](http://emcchinaexpo.com)

Organized by: Universal Prosperity Exhibition and Convention (Beijing) Co., Ltd.

Time: May 28-30, 2024

Venue: Beijing International Convention Center, Beijing, China

As the leading EMC, Microwave, Antenna, RF exhibition with conferences, forums and seminars in China, 2024 China International Exhibition on EMC, Microwave, Antenna and Safety Tests & Certification (China EMC2024 & China MW2024) will be hosted on May 28-30, 2024 in Beijing, China.

This prestigious event has received great supports from government, academy, industry and high-qualified key industrial customers in China, and over 150 global key EMC, Microwave, Antenna and RF Corporations will participate in this influential and professional event, exhibit their latest products, technology, whole solutions, innovations and services.

The event will consist of three days exhibition, three days conferences, forums and seminars.

The 3-days exhibition will provide a most valuable platform with the exhibitors to have the effective interactive communications with a diverse and big number (over 4000) of highly qualified & key technical visitors, buyers, experts, scholars and leaders from government, industries and academy from aerospace, aviation, electronics, power, smart grid, automobile, IoT, intelligent manufacturing, medical systems, military, 5G/6G, post, ships, railway, transportation, broadcasting, lighting, radar, navigation, public safety, wireless communications, EM Spectrum, Industrial Control, Security, petroleum, information, ECM, metrology, meteorology, industrial testing labs and etc. The exhibitor will get well repayments in brand promotion, technical cooperation and enjoy rich & valuable personal, commercial and business resources in China.

As the spotlights, big influential conferences will be hosted: '2024 China International Conference on Equipment Informatization with EMC and Microwave Technology', '2024 China International EMC and Microwave Summit', '2024 China International Conference on Aerospace, Aviation, Radar and Wireless Communications with EMC and Microwave Technology' and '2024 China International Conferences on New Energy Vehicle, Smart Grid, IoT, Intelligent Manufacturing, 5G/6G and Medical Systems with EMC and Microwave Technology' and etc. These conferences receive great supports & active participations from China Military Departments, CETC, CASIC, CASC, AVIC, CSSC, CSIC, CNIGC, CNNC, CNEEC, and also from China Telecommunications, Power, Smart Grid, Aerospace, Aviation, IoT, Intelligent Manufacturing, Radar, Wireless Communications, ECM, Medical industries and Government branches related. We estimate over 4000 senior management, technicians & customers from aerospace, aviation, ship, military, new energy vehicle, electronics, IoT, 5G/6G, intelligent manufacturing, smart grid and nuclear industry will attend the conferences and visit the exhibition!

3-days high-ranking forums, seminars, workshops and new product releases will focus at the forefront and offer an insight into advanced & cutting-edge EMC & EMI, Chambers, Shielding, Filters, Microwave and RF technology, whole solutions, service innovations, market development and business opportunities in aerospace, electronics, automotive, IoT, transportation, medical systems, broadcasting, 5G/6G, Intelligent Manufacturing, smart grid, EM environment, lab testing, metrology measuring and calibration and etc.. The leaders, well-known scholars, experts and key important customers from government, academy and every industry will share with you great market opportunities and technology innovations to ensure you have the first-hand & satisfactory policy, information, technology, solution, service and especially the most valuable commercial and business resources in China. Also we will host standardization and labs testing & certification forums with China Radio Interference Standardization Committee (IEC/CISPR) and China National EMC Standardization Committee (IEC/TC77) and China National Accreditation Service for Conformity Assessment (CNAS) for latest standards promotions and exchanges.

Best access to share the rapidly-increasing EMC, Microwave, Antenna and RF market in China, apply to be an exhibitor now!

## Range of Exhibits

### EMC

- ★ EMC & EMI Measurement & Instrumentation, Chambers & Cells, Antennas, Near Field techniques
- ★ Electromagnetic Environment analysis, Lightning, ESD, signal integrity and lightning techniques
- ★ Shielding, Gaskets, Filters, Grounding
- ★ Apparatus, PCB, Electronic Packaging & Integration, Semiconductors, Cables and Connectors
- ★ EM Protection, Wireless Power & Comm. EMC
- ★ Power Systems, filters technology in Smart Grids
- ★ EMC in Automotive, Railway Systems, Naval Systems, Aircraft & Space Systems, biomedical and all industries related.
- ★ EMC applications in Advanced Materials & Nanotechnology
- ★ EMC Standards and Regulations
- ★ EMC Software, Education and promotion
- ★ EMC test and certification

### Microwave and RF

- ★ Active Components: Converters, Modulators, Phase shifters, Frequency Synthesizers, Multipliers, Switches, Mixers, Oscillators, Vacuum Electron Devices/Tubes
- ★ Amplifiers: Base Station Amplifier, Log Amplifier, Power Amplifier, Gain Blocks, Low Noise Amplifier, Small Signal Amplifier
- ★ Materials: Absorbers, Feedthrus, Package, Ceramics, Ferrites, PCB, Coating, Gaskets, Shielding, Crystals, Laminates, Substrates
- ★ Optoelectronics & Fiber-optics: Fiber-optics components, systems, equipment, optoelectronics devices, lasers
- ★ Passive Components: Attenuators, Couplers, Filters, Hybrids, Isolators, Millimeter-wave Components, Power dividers, SAW devices, Transformers, circulators, Delay Lines, Detectors, Diplexers, Duplexers, Limiters, Power Combiners, Relay, Sensors
- ★ Resistors, Capacitors, Coils, ctors
- ★ Semiconductors/Integrated Circuits: ASICs, Diodes, FET`s, MEMS, MIMIC`s, RFIC`s, Thick Film Circuits, Thin film circuits, Transistors, Varactors,
- ★ Softwares of Design, Measurement, Modeling, Simulation
- ★ Radar, Receivers, Subsystems, systems, transceivers, transmitters

- ★ Test Equipment & Instruments: Automated Test Equipment, Meters, Noise Sources, Prototype Machine, Synthesizers, Test Fixtures/systems, Tuners, Oscilloscopes, Bonders, Generators, IR Test Equipment
- ★ Transmission-line Components: Adapters, Connectors, Surge Protectors, Bias Tees, DC Blocks, Terminations, Cable, Loads, Waveguide, Cable Assemblies, Rotary Joints
- ★ Microwave and RF design in Products
- ★ Standard, Test, Certification & Services

### Antenna Products & Technologies

### Exhibition Charge

Standard Booth: 9 square meter standard booth (3m×3m) Charge: US\$4500

Standard Booth: 12 square meter standard booth (3m×4m) Charge: US\$6000

*Standard booth facilities provide one information desk, two folding chairs, carpet, two Fluorescent Lamps, one power socket (220V, 5A), stand partitions, fascia board with exhibitor name both in English and Chinese and one waste basket and stand construction or dismantling also be included.*

Space: US\$450/per square meter  
(minimum 18 square meter)

### Technical Seminar

The exhibitors are also invited to take this good opportunity, to apply and host the seminar, to share their new achievements, innovative concept, ideas and solutions with the key important customers from every industry.

The charge for applying one seminar (60 minutes) is US\$1800, and if apply for two or more, the charge for each seminar is US\$1500.

The organizer will provide the venue, projectors and other facilities and assist in inviting the target technician and customers to attend the seminar and the scale for each seminar will usually be from 60-100 persons.

### Advertisings & Sponsorships

#### Advertisement in Exhibitors' catalogue

Front Cover: US\$3500

Back Cover: US\$3000

Inside Front Page: US\$2600

Inside Back Page: US\$2200

Inside Page: US\$1200

#### Admission Ticket Advertisement on

US\$2200/10000 tickets

#### Advertisement on On-site Visitor Guide

US\$2500

#### Advertisement on Air Balloon Scroll

US\$3000/each scroll

#### Advertisement on Air Inflated Archway

US\$3000/each archway

#### Advertisement on Bag for the visitors

US\$4000

#### Badge for visitors, exhibitors and organizers

US\$4000

#### Gift Sponsorship for Exhibition VIP and key customers

US\$5000

*Sponsor Privilege: Print Sponsor name & logo on the gifts for Sponsor brand promotion.*

#### Welcome Banquet Sponsorship

US\$8000

*Sponsor Privilege: Print Sponsor name & LOGO on Banquet board and invitation cards; Two seats reserved at VIP table and a welcome speeches at the opening ceremony of the banquet.*

#### Sponsorship for VIP room

US\$2500

*Sponsor Privilege: Print Sponsor name & LOGO on VIP room entrance direction board and put one advertisement board of Sponsor at the entrance.*

#### Sponsorship for free on-site internet service

US\$2000

*Sponsor Privilege: Print Sponsor name & LOGO on VIP room entrance direction board and put one advertisement board of Sponsor at internet area.*

# China EMC 2023 & China MW2023 Exhibition Review

**Time:** May 30-June 1, 2023

**Venue:** Beijing International Convention Center, Beijing, China

**Scale:** 5000 m<sup>2</sup>

**Exhibitors:** over 100 exhibitors

**Conferences:** 2023 China International Conference on Equipment Informatization with EMC and Microwave Technology

2023 China International EMC and Microwave Summit

**Forums, and seminars:** over 60 sessions covering the market opportunities & developments in automobile, electronics, smart grid, telecommunication, medical systems, aerospace, aviation, ship, national defense, transportation, metrology and other industries.

**Technical visitors & buyers:** over 3000 from electronics, power, smart grid, new energy automobile, aviation, aerospace, medical systems, military, IoT, Intelligent Manufacturing, 5G/6G, post, shipping, railway, transportation, broadcasting, lighting, public Safety, security, EM Spectrum, EM Environment, petroleum, chemical, mining, information, testing, metrology, instrumentations, industrial labs, testing and certification organizations and etc.

**Sponsorship for website**  
US\$3000

**Sponsor Privilege:** Put Sponsor name & LOGO on the homepage of the website and put Sponsor name & LOGO on the newsletters.

**Coffee Break Sponsorship**  
US\$3000

**Sponsor Privilege:** Print Sponsor name & LOGO on Coffee Break board and put one advertisement board of Sponsor at coffee break area.

**Platinum, Gold and Silver Sponsorship Packages will also be provided for the exhibiting company to highlight their strong capabilities & good images as well as expanding the industrial influences, for details, please contact with the organizer.**

## Application Deadline

March 31, 2024

## The Procedure

Please fill in the application form and return to the organizer, and upon receipt of the application form, the organizer will contact with applicant for confirmation in details, and the applicant needs to pay all the charges, including booth rental, technical seminar, advertisement and sponsorships if apply, to the bank account designated by the organizer, after receiving the charges, the organizer will provide the exhibitors' manual and the service for the exhibitors.

### For details information, please contact:

Ms.Linna Zhao, Mr. Yuanyao Zhang  
Tel.: 8610-68962496, 68961477, 68961478  
Fax: 8610-68965991  
Address: No.10, Chedaogou, Haidian District,  
Beijing 100089, China
